

Hello fashion student,

My name is Sharon and I am looking forward to working with you to upcycle fashion products as part of your course at Shrewsbury College during the first term.

Although you probably wouldn't describe old school/work shirts as 'fashion products', they will be when we have reworked them.

Therefore, please save and collect used/worn/no longer required formal shirts (short or long sleeved) ready for September.

These images are sourced from Pinterest. You could create a Pinterest board to generate your own ideas.
